

Nottinghamshire AGM

July 2025

Chris Holt

### **LMC Chair**

Thank you to everyone who has participated in the LMC this year. This can be quite a vital role and needs participation from as many clubs as possible to be effective and seen to be fair and impartial.

I would really like to thank Phil Morgan for stepping into the League Secretary's role, initially for the first half of the season and then for the remainder. There was an agreement that any contentious matters would be handled by the committee. This only happened once as Beeston disputed his interpretation of rule B15, and we stepped in to provide clarity from the LMC at an earlier stage rather waiting for an appeal which seemed to work well.

What worked less well this year was a dispute between Gambit 7 and Bingham 4 where we struggled to get a quorum with members recused or unavailable. Getting a valid result took much longer than necessary and I think the incoming LMC should think about the appointment of more reserves and a wider pool of club representatives.
