

This first issue comprises mainly of results and league tables. At least it brings the position up to date and hopefully future editions will contain more news items and game scores. Variety of content will depend entirely on ALL members of ALL Clubs providing information voluntarily and without any prompting from me. I am sure you will all oblige.

A Chess Column is now published in Nottingham Sport. Please assist Desmond Barsby(272170) on similar lines.

I would welcome for inclusion in the bulletin the scores of games which are considered interesting, amusing or brilliant!!

Please remember that there is a trophy for the best game played in the League each season. This may possibly be supplemented by a modest trophy for the best swindle! So don't throw those scoresheets away!

I will welcome any (polite) suggestions regarding the bulletin format.

Tolerance of typing errors will be most appreciated.....Tom Guy

Warwicks board 3 was found to be un-registered. The overall score is recorded as $5\frac{1}{2}$ - $13\frac{1}{2}$. Due to a postponment requested by Warwicks, many of our regular players were unavailable. It was nevertheless pleasing to see our top six boards emerging with a plus score against one of the stronger Counties.
